

Financials

We are humbled by the generous support we have received this year. As fires burned over a million acres of the Amazon Rainforest and the world took notice, our incredible community of individual donors and businesses left us in awe of their commitment to nature by making increased donations, running crowdfunding campaigns, encouraging friends and family to get involved, channeling their companies' employee giving program funds to us, and even donating proceeds of their businesses' sales. To everyone who has made a contribution to our work - thank you.

Your investment in our work is empowering local people, protecting some of the last wild places on Earth, and driving the use of science and technology for conservation. As you'll see here,

we are a lean organization, with only a small portion of contributions being used to support the operations needed to make our conservation work on the ground possible. We are also transparent in our finances, continually earning top ratings by the most respected charity watchdogs (see right). Your investment is much appreciated and making a real impact in the Amazon.

Management and general	364,509
TOTAL	5,347,310

All information on this page refers to Amazon Conservation's 2019 fiscal year ending December 31, 2019 and includes sub-grants to our sister organizations in Peru and Bolivia (Conservación Amazónica-ACCA and Conservación Amazónica-ACEAA, respectively), as well as our social enterprise Amazon Journeys, a funding mechanism for conservation.

*Please note that expenses appear larger than the organization's 2019 income due to Amazon Conservation being awarded multi-year grants that fund activities in previous years they are received. For our complete audited financial information, please see our webpage at www.amazonconservation.org/about/financials.html. Please contact info@amazonconservation.org if you have any questions.

TOP-RATED,
GREAT NONPROFITS

4 OUT OF 4 STARS
