

THE POWER OF TECHNOLOGY AND PARTNERSHIPS TO STOP ILLEGAL GOLD MINING IN THE AMAZON

As part of this year's UN Convention on Biological Diversity Conference of the Parties 16 (CBD COP 16), Amazon Conservation and its partners will be hosting an exclusive, in-person side event sharing exclusive insights on a key threat to the Amazon - gold mining. Join local experts, investors, government representatives, and scientists for a lively panel discussion on the challenges, opportunities, and innovations to combat illegal gold mining across the Amazon.

OCTOBER 23, 2024 - 4PM LOCAL TIME
IUCN PAVILION (BLUE ZONE)
CENTRO DE EVENTOS VALLE DEL PACÍFICO, CALI, COLOMBIA

Spanish/ English interpretation available. Light refreshments provided.
